Q26. On another issue, there has been an ongoing debate about hydraulic fracturing - or hydro-fracking - the proposed method to recover natural gas from the Marcellus Shale in the southern tier of New York State. How much attention have you paid to this debate about hydro-fracking - a great deal of attention, some, not very much, or no attention at all?

Q27. Opponents of hydro-fracking are concerned that this method of extracting natural gas has not yet been fully studied and may pose risks to drinking water and the environment. Supporters of hydro-fracking believe it is safe and will create new jobs and supply needed energy for the state. [PREVIOUS TWO STATEMENTS WERE ROTATED] Are you more inclined to trust the opponents or the supporters of hydro-fracking?

Q28. Recently, the New York State Department of Environmental Conservation released a study recommending that New York allow hydro-fracking on private lands outside of areas that provide drinking water under strict regulation by the Department. Are you in favor or opposed to the recommendation of the Department of Environmental Conservation to allow hydro-fracking in a large portion of the Marcellus Shale?

Q29. Switching gears, some have suggested that President Obama should replace Vice President Joe Biden with a new running mate when he runs for re-election in 2012. Governor Andrew Cuomo has been mentioned as a possible replacement as Obama's vice presidential running mate. Would you support or oppose President Obama choosing Andrew Cuomo to run for Vice President?
