Q27. Lastly, there is an issue being debated in Albany whether or not New York should legalize mixed martial arts, known by some as cage fighting or ultimate fighting. Supporters say it should be legal in the state of New York. Mixed martial arts or MMA is already legal in many states and if legal here in New York would generate fan interest, direct revenues and would be an engine of economic development. Opponents say MMA is dangerous, even barbaric and we should not allow such a violent sport to be practiced here in New York. Do you side with the supporters of MMA or with the opponents?
