Less than Bachelors	60%
Bachelors+	38%
Income	
<\$50K	24%
\$50K-\$100K	26%
\$100K+	38%

This Spectrum News/Siena College survey was conducted October 16-19, 2022 by telephone calls in English to 649 likely Texas voters. Telephone sampling was conducted via a weighted stratified dual frame sample of landline and cell phone drawn from the L-2 database of registered voters. Data was statistically adjusted by age, race/ethnicity, education, regional vote pattern in the 2020 election, a combined measure of stated and derived vote likelihood, and gender to ensure representativeness. It has an overall margin of error of +/- 5.1 percentage points including the design effects resulting from weighting. The Siena College Research Institute, directed by Donald Levy, Ph.D., conducts political, economic, social, and cultural research primarily in NYS. SCRI, an independent, non-partisan research institute, subscribes to the American Association of Public Opinion Research Code of Professional Ethics and Practices. For more information, call Steve Greenberg at (518) 469-9858. For survey crosstabs: https://scri.siena.edu/category/spectrum/
